

**“Philanthropic Love Stories”
Wednesday, 16 August 2023
11am-1pm
Monhegan Community Church**

What do you love? What is your life’s passion? What assets are in your family?

How would you like to be philanthropic?

As you think about answers to those questions, come participate in (or just listen to) a discussion of creating a legacy for Monhegan (or the philanthropy of your choice). An expert on planned giving, Judi Taylor Cantor brings her 40 years of working with philanthropists across the nation to explain new ways of giving back. This time together may transform the way you think about philanthropy, and it may help your organization raise more than ever.
